The Fundamentals

Navigate Outlook: Click the icon (or label) for the view you want to open.

- Mail** view displays your inbox and lets you browse your mail. The ribbon will display commands related to composing and managing email messages.
- Calendar** view displays your calendar. The ribbon will display commands that let you view, create, and edit meetings and appointments.
- People** view displays your contacts list. The ribbon will show commands that let you create and edit your contacts and contact groups.
- Tasks** view displays your task list. The ribbon will show commands that let you create and modify tasks.

Use the Folder Pane: Click a folder in the Folder pane to display that folder's contents.

Delete an Item: Select an email, contact, appointment, or task, then click the **Delete** button on the Home tab of the ribbon.

Restore a Deleted Item: Click the **Deleted Items** folder in the Folder pane, then click and drag an item back to its original folder.

Change Views: Click the **View** tab on the ribbon, then click the **Change View** button and select a view.

Search

Search: Click in the **Search** field at the top of the inbox and begin typing your search.

Refine Search Results: While searching, use the options in the Scope group on the Search tab.

- Current Mailbox** searches all folders within the selected mailbox.
- Current Folder** only searches within the current folder.
- Subfolders** expands the search to include all the current folder's subfolders.
- All Outlook Items** searches everything.
- From** lets you filter messages from specific senders.
- Subject** lets you filter by words in the subject line.
- Has Attachments** lets you filter results by whether they have attachments.
- Categorized** filters by categories.
- This Week** displays only items from the current week.
- Unread** searches only unread messages.
- Flagged** searches only flagged items.
- Important** only displays items set to high importance.
- More** lets you apply advanced criteria.

Mail

Compose Email: Click the **New Email**  button on the Home tab. Enter recipients, a subject, and a message body, then click **Send**.

Types of Recipients: When composing a new email, enter email addresses in the address fields.

- **To** contains the primary recipients, whom the message is directed to.
- **Cc (Carbon Copy)** sends a copy of the message. While not the primary audience, these recipients may want to see the information presented. The Cc field is visible to all recipients.
- **Bcc (Blind Carbon Copy)** sends a copy of the message, while keeping the Bcc field secret to other recipients.

View an Email in the Reading Pane: Select an email from the inbox to display it.

Open an Email in a New Window: Double-click an email in the inbox.

Mark an Email Read or Unread: Opening an email, or displaying it in the Reading pane, will automatically mark an unread email as read. Click the **Unread/Read**  button on the Home tab to toggle an email read or unread.

Reply to an Email: Select an email in the inbox (or open an email in its own window) and click the **Reply**  button on the ribbon.

Reply to All Recipients of an Email: Select an email in the inbox (or open an email in its own window) and click the **Reply All**  button on the ribbon.

Forward an Email: Select an email in the inbox (or open an email in its own window) and click the **Forward**  button on the ribbon.

Create a Signature: While composing an email, click the **Signature**  button on the Message tab and select **Signatures**. Click the **New** button, enter a name for the signature, and click **OK**. Create the signature in the Edit signature section and click **OK**.

Insert a Signature: While composing an email, click the **Signature**  button on the Message tab and select a signature.

Attach a File: While composing an email, click the **Attach File**  button on the Message tab. Select a file, then click **Insert**.

Insert a Picture: While composing an email, click the **Insert** tab, click the **Pictures**  button, select a picture, and click **Insert**.

Send Out-of-Office Replies: Click the **File** tab, click the **Automatic Replies** button on the Info tab, then click the **Send Automatic Replies**  button. Set the start and end dates for the auto reply, enter a message, and click **OK**.

Set Message Priority: While composing an email, click the **High Importance**  or **Low Importance**  button on the Message tab.

Mail

Insert a Link: While composing an email, click the **Insert** tab, click the **Link**  button, select a type of link, fill in where the link will lead, and click **OK**.

People

Add a New Contact: Click the **New Contact**  button on the Home tab. Fill in the fields with the information that you have, then click the **Save & Close**  button.

View the Address Book: Click the **Address Book**  button on the Home tab. Double-click a contact to open it and see more information.

Add a Contact from the Address Book: Click the **Address Book**  button on the Home tab, double-click a contact, click the **Add to Contacts** button, enter any additional information you have, then click the **Save & Close**  button.

Edit a Contact: Double-click a contact to open it in a new window, fill in the information fields with any additional information you have, then click the **Save & Close**  button.

Import Contacts: Click the **File** tab, click **Open & Export**, and click **Import/Export**. Select **Import from Another Program or File**, then click **Next**. Select a type of file to import, then click **Next**. Click **Browse**, select a file, click **OK**, then click **Next**. Select your **Contacts** folder, click **Next**, then click **Finish**.

Share a Single Contact: Select a contact, click the **Forward Contact**  button on the Home tab, and select a sharing format. Address and compose the resulting email, then click **Send**.

Create a Contact Group: Click the **New Contact Group**  button on the Home tab, give the contact group a name, and click the **Add Members**  button. Select a source for a contact and double-click a contact to add it. Add as many contacts as you would like, click **OK**, then click the **Save & Close**  button.

Add Members to a Contact Group: Double-click a contact group to open it, click the **Add Members**  button, select a source, and double-click a contact to add it. Click **OK**, then click the **Save & Close**  button.

Remove Members from a Contact Group: Double-click a contact group to open it, select a contact from the list, and click the **Remove Member**  button.

Calendar

Create an Appointment: From the Calendar view, click the **New Appointment**  button on the Home tab. Enter the appointment's details, subject, location, and start and end time. Click the **Save & Close**  button.

Edit an Appointment: Double-click an appointment to open it, edit the appointment details, then click the **Save & Close**  button.

Calendar

Reschedule an Appointment: Click and drag an appointment on the calendar to move it to a different day (in Month view) or time (in Day, Week, and Work Week view).

Create an All-Day Event: While creating or editing an appointment, check the **All-day event** check box.

Set a Reminder: While creating or editing an appointment, click the **Reminder** list arrow and select how long before the event you'd like to be reminded.

Change Availability: While creating or editing an appointment, click the **Show As** list arrow and select an availability:

- **Free** shows that you're available.
- **Working Elsewhere** indicates that you're working from another location.
- **Tentative** shows that you have tentative plans and may or may not be available.
- **Busy** indicates that you're busy and not available.
- **Out of Office** shows that you're out of the office and not available.

Set Priority: While creating or editing an appointment, click the **High Importance**  button or **Low Importance**  button on the Appointment tab.

Create a Meeting: While viewing the calendar, click the **New Meeting**  button on the Home tab. Click **To...** and double-click the contacts you want to invite to the meeting, then click **OK**. Enter the meeting subject, location, date and time, and a message, then click **Send**.

Track Meeting Responses: Select a meeting in your calendar and click the **Tracking**  button on the Meeting tab.

Create a Recurring Appointment: While creating or editing an appointment, click the **Recurrence**  button on the Meeting tab. Choose a recurrence pattern, set a time range for the recurrence, then click **OK**.

Edit a Recurring Appointment: Double-click a recurring appointment to open it, then choose whether to edit **Just this one** appointment or **The entire series**. Edit the appointment or the recurrence settings, then click the **Save & Close**  button.

Delete a Recurring Appointment: Select a recurring appointment in the calendar, click the **Delete**  button on the Home tab, and select **Delete Occurrence** (to delete a single instance of the appointment) or **Delete Series** (to delete the entire series).

Respond to an Invitation: Select an invitation in your inbox, click the **Accept**  button, **Tentative**  button, or **Decline**  button in the preview pane. Or, select an invited event in your calendar and click the **Accept**  button, **Tentative**  button, or **Decline**  button on the Meeting Series tab. Select whether to send a response and whether to edit it.
